Terms and Conditions

The Blender Studio ('we' or 'us', or 'the Service') is an open production funding/donation platform that offers access for registered members to project space and repositories of creative content and data. By registering as a member or by using the service in any way, you accept these Terms of Service ("Agreement"), which forms a binding agreement between you and the Blender Studio. If you do not wish to be bound by this Agreement, do not use the Blender Studio Service.

Blender Studio is an activity of Blender Institute B.V. - Buikslotermeerplein 161 - 1025 ET Amsterdam - the Netherlands, contact: institute@blender.org.

Blender Institute has been authorised by Stichting Blender Foundation to conduct these services on blender.org. Blender Institute is committed to comply to and support the goals of the public benefit free/open source project and community at blender.org.

Registration, the Blender ID

By registration at the Blender Studio, your email address will become the identification ("Blender ID") for services on blender.org in general. Registration is free, and only requires a confirmation of the owner of the email address - by responding to an authentication email.

Blender Studio currently offers no additional services for Blender ID registrations. These might be offered later, and will always be approved by Blender Foundation and be offered as opt-in.

Badges: Supporters and Members

After registration to the Blender Studio, a user will get options to upgrade his account with a number of options. Currently these options are for supporting, crediting or membership. All options are called "Badges" - which will be used to show as a special property (icon) as part of your Blender ID - for these places at blender.org that support it (forums or reviews).

The Membership Badge is based on a monthly subscription, which can be applied for via recurring payments or via a pre-payment. Members get access to all services of Blender Studio, which includes previous Open Movies, Open Workshop videos and the current running Open Production. By keeping your membership active a user can earn a Credit Badge. Rules for this will be mentioned on the campaign page for an Open Production.

The other Badges are sold as special 'funding perks' - such as access to a film download, an online screening or a film/website credit. A supporter can choose to claim a badge, and only agree to pay for it after the production campaign reached its funding limit.

Blender Studio Membership fee

To register and activate a membership an additional charge will apply, including a minimum of 1 month of membership fees. Fees are: (Apr 09, 2020)

9.90 EUR/month for subscription with automatic renewal and 14.90 EUR/month for subscriptions with manual renewal.

Refund policy

Membership fees and supporter contributions are non-refundable. That money we really need to keep our services running, and to make open source and open content productions possible.

We really care about our members and supporters though - in case you are really not happy with our Blender Studio we will kindly respond to your comments and try to settle a dispute with you in harmony.

Refunds will happen without delay when we get a report of fraud, abuse or non-authorised usage of funds.

Contact: cloudsupport@blender.org.

Blender Studio Membership cancellation

You may delete your account at any time via your personal account page, or by contacting us at cloudsupport@blender.org.

In case of suspected fraud or abuse of the service after registration and membership payment, the account owner will be contacted and asked for clarification. Failure to alleviate charges of fraud may result in the termination of the member's account.

In the event of account deletion for any reason, content that you submitted may no longer be available. The Blender Studio shall not be responsible for the loss of such content.
